

This liquid soap respects the lipid barrier and cleanses, moisturises, smoothes, soothes and remineralises the skin, leaving a fresh, smooth and relaxed sensation. Specially indicated for sensitive and delicate skins.

Rich in phyto-active agents and essential oils, which have a pleasant and gratifying fragrance and produce a feeling of wellbeing, are perfect for daily hygiene.

Ingredients and their richness

Aqua, Lavandula latifolia herb oil • Sodium laureth sulfate and disodium laureth sulfosuccinate • Cocamide DEA • Maris sal • Calendula officinalis flower extract and Helianthus annuus seed oil • Rosmarinus officinalis leaf extract • Lavandula latifolia herb extract • Tilia officinalis • Phyllostachys viridis • Bambusa arundinacea stem extract • Parfum • Lactic acid • Daucus carota sativa root extract • Linalool*
(*from its natural essential oils)

Rosemary extracts relax muscular stress, reinforce microcirculation and capillaries, and produce a feeling of wellbeing; **Calendula** and **Lavender** are soothing, de-stressing and healing, and combine with other phyto-active agents to drain impurities and cleanse, protect, tone and moisturise the skin. Also enhanced with **Bamboo shoot and stem extracts** providing amino acids (proteins), vitamins and trace elements like silicon, which strengthens tissues and increases their flexibility.

Especially selected for this purpose, the **Natural essential oils** of this smooth and relaxing soap **cleanse without altering the protective layer of the skin**.

Dermocosmetic functions

- ✦ **Cleanses**, respecting the pH of the skin (the body's best protective barrier).
- ✦ **Refreshes** thanks to the combination of its natural extracts and essential oils, which stimulate and refresh the senses.
- ✦ **Smoothness** and **protection**, remineralising the skin, neutralising the effect of hard, chlorinated waters, and enhancing its resistance to aggressive external factors.
- ✦ **Relaxes the body**, soothing redness and sun burns.

Indications

For the daily hygiene of all types of skin. Babies, children and adults
Specially indicated for the care of delicate and sensitive skin
Moisturises dry skins
Flaking skins
Dermatologic disorders such as redness...
Skins intolerant to regular detergents and soaps
Travel, it facilitates the adaptation of skin to environmental changes
During pregnancy, on the skin of newly-borns, in cases of spots and acne, to avoid the use of alkaline soaps

Directions for use

Shake before use. While showering, apply directly with the hand or a sponge (remember it is a liquid soap), performing a slow and gentle massage.

Ideal after practicing sports to reduce muscular stress and pains.

Pour Phyto-active soap in the water and wait for its phyto-active rosemary agents to act for a comforting and relaxing bath. You can also add a few drops of **Bamboo virginal milk** or **Body phyto-emulsion** or **Revitalising oil**.
