

Unique vegetable lotion, very rich in water-soluble nutrients, which regulates hair cycles and balances its functions. Restores and protects the scalp and is very active against disorders (scabs, dandruff, oiliness, itching...), ensuring a healthier and stronger hair.

Conceived like a complementary treatment of hair hygiene, it contains all the necessary active ingredients and nutrients for the scalp (amino acids, trace elements, vitamins...), which, being dermo-compatible, are assimilated by the body.

Ingredients and their richness

Aqua • Urtica dioica extract • Tropaeolum majus extract • Calendula officinalis flower extract • Medicago sativa extract • Phyllostachys viridis • Bambusa arundinacea stem extract • Parfum • Lactic acid • Limonene* • Linalool* • Citral*

(*from its natural essential oils)

Nettle and **Indian cress** extracts provide the necessary trace elements and phyto-active agents that help regulate seborrhea and strengthen hair; **Calendula** extract is soothing and restorative, ideal to fight scalp disorders (scaling, irritations...); **Lavender** protects from excessive sunlight exposure. Also enhanced with **Bamboo shoot and stem extracts** providing the necessary amino acids (proteins), vitamins and trace elements for the scalp, especially silicon, which gives hair strength, resilience and natural flow. It is reinforced with an **aromatherapy compound** that balances the scalp flora.

Dermocosmetic functions

- ✦ **Restores** and **protects** the **scalp**, a basis for healthy hair, adequately nourishing the root and enhancing hair growth.
- ✦ **Regulates** the hair **cycles** and **balances** its functions.
- ✦ **Maintains** the scalp and hair **clean**, which in turn allows reducing the washing frequency and avoids the negative effects of detergents.
- ✦ **Minimises** or compensates **hair disorders** derived from the lack of nutrients due to chemical aggressions, inadequate diets and stress, all of which interfere with hair growth.

Indications

All hair types
Daily hygiene of fragile and damaged hair (avoid excessive washing)
Mitigates itching
Ideal treatment for hair loss and tendency to baldness
Hair disorders: scabs, dandruff, seborrhea...

Directions for use

Shake before use. Apply on scalp before combing. Spread performing a gentle massage with your fingertips. Let it act.

It can also be applied after washing the hair with **Phyto-active shampoo**, on a wet scalp.

Avoid fast and harsh rubbing that generates flaking and irritates the scalp.

Daily use if the hair is very weak, damaged or styled (dyes, bleaching, perms, henna...)
