

## Hydro-nourishing facial cream

Universal and everlasting

Maximises skin nourishment and moisturisation making skin supple and resilient, including the contour of the eyes. Smooths the pore and improves the tone. Also ideal for fine, fragile, flaking, or prematurely-aged skins with couperosis, which benefit from the cream's protective, antioxidant and enhancing action.

With an exceptionally smooth formulation that does not obstruct percutaneous skin breathing, this cream deeply embellishes the complexion with a splendid natural fragrance.

The significant contribution of silicon and unsaturated fatty acids, as well as the respect for natural skin functions, will prevent the appearance of wrinkles and stretch marks. Therefore, we especially recommend it for the care of **young skin**.

### Ingredients and their richness

Aqua · Kaolin · Lavandula latifolia herb extract and Helianthus annuus seed oil · Vanilla planifolia fruit extract · Triticum vulgare germ oil · Butyrospermum parkii butter · Ricinus communis seed oil · Glycyrrhiza glabra root extract · Lecithin · Hectorite · Phyllostachys viridis · Bambusa arundinacea stem extract · Althaea officinalis root extract · Avena sativa kernel extract · Rosa canina fruit extract · Vaccinium myrtillus fruit extract · Parfum · Sorbic acid · Tocopherol · Citronellol\* · Geraniol\* · Linalool\*

*(\*)from its natural essential oils*

**Karite butter** and **Lavender** are well known natural protectors and emollients; **Wheatgerm oil** and **Vanilla** both contain rejuvenating E-vitamins and trace elements; **Rose**, **Marshmallow** and **Oat** extracts make the skin smooth and promote cell regeneration; and **Bilberry** extract, which is rich in anthocyanins, is decongestive, stimulates micro-circulation and increases capillary strength. They are in active synergy with **Bamboo shoot and stem extracts**, providing amino acids (proteins), vitamins and trace elements like silicon, which strengthens tissues and increases their flexibility.

Its **Natural essential oils** have exceptional scents, as well as youth-preserving and thermo-regulation skin properties.

### Dermocosmetic functions

- **Moisturises**, providing elasticity and resilience to external changes. Emollient action.
- **Nourishes** the skin deeply and improves impurity drainage.
- **Smooths** the skin, recovering and unifying it thanks to its vitamin content.

### Indications

For all skin types, including contour of the eyes and lips  
 Ideal for fine, sensitive skin with couperosis and visible or broken veins  
 Very appropriate for skins with an allergic tendency to other cosmetics  
 Relief of dry and dehydrated skin  
 Dilated pores. Toneless and dull skin  
 Protects fragile skin sensitive to temperature changes  
 Efficient support for flaking skin  
 Essential for travelling (environmental changes, pollution...), ensures suppleness and resilience

### Directions for use

**Always shake before use.** This is an exclusively natural product without chemical emulsifiers (surfactants).  
 Apply always on clean skin, gently massaging and without rubbing the skin.  
 We recommend applying small doses of cream more frequently because the skin's absorption capacity is limited.  
 Maximise its benefits applying on skin previously moisturised with **Bamboo virginal milk**.  
 Add a few drops of **Revitalising oil** to increase moisturisation of very dry skins.
